- We have the capability to handle Larger Groups

We are your Partner DMC for your clients' New Zealand Travel Requirements!

"We used the services of Take Me 2 The World in New Zealand, for a family of six who holidayed for two weeks in both South Island and North Island. Specifics like special accommodation arrangements and water sports were met with ease. Scuba diving was required by the young man in the family as he was looking for an international certification, all of this was taken care of. Our clients were extremely satisfied with the arrangements – sight-seeing, hotels and apartments as well as transportation (private and self-driven). We shall always use Mr. Nats and his Team for any and every arrangement in New Zealand."

Free and Independent Traveler
